

ISOTOWER

ISOLATED ELECTRICAL TOWER / LINESMAN HARNESS

HIP1679

The IsoTower harness features ergonomic design that combines the practical tower design with electrical isolating and rescue features. This design makes it suitable for a range of working applications including: tower work, pole work, linesman, rescue, industrial height safety and confined space.

Breathable mesh fabric in the waist belt, positioning saddle and shoulder padding gives the wearer support and comfort, helping to keep them cool and dry during long periods of work.

The wide supportive waist panel has a reflective panel for better visibility and safety when working in dark areas.

RATING: 136kg

LIFESPAN: 10 Years

CERTIFICATION: EN 361:2002, EN 358:2018, EN 1497:2007, EN 813:2008, AS/NZS 1891.1:2007
