

TOWER

LIGHTWEIGHT LINESMAN HARNESS

HTP1679

This Riggers harness is a more simple and lightweight design than the IsoTower. This lightweight harness delivers on performance and value. The tower design makes it suitable for a multitude of working applications including: tower work, pole work, linesman, rescue, industrial height safety and confined space.

New and ergonomic design that combines the practical tower design with rescue features. A comfortable and easy fitting harness, with fall arrest and positioning attachment points which connect together the work positioning saddle and waist belt.

RATING: 136kg

LIFESPAN: 10 Years
